44.5" Privacy Lattice Gate Instructions

1. 2 - Post Caps
2. 2 - Posts with Gate Pockets
3. 2 - SunRails
4. 1 - Standard Rail
5. 2 - U-Channel
6. 6 - Pickets
7. 1- Lattice
8. 2 - C-Channel
9. 10 - Stainless Steel Screws
10. 1 - Crossbar

Step 1: Place lattice into top rail.

Step 2: Put C-Channel on both sides of lattice and place in mid-rail.

Step 3: Put top, mid-rail, and bottom rail into one post.

Step 4: Put U-Channel on first picket and slide into mid and bottom rail. Slide the rest of the pickets in and put other U-Channel on the last picket.

Step 5: Put top, mid-rail, and bottom rail into other post.

Step 6: Measure to make sure the gate is square.

Step 7: Screw top and bottom rail into gate pockets.

Step 8: Cut cross bar to desired length & make sure it's attached at the top of the hinge side.
Step 9: Install Hinges and Latch per directions in hardwarepackage. (Sold Separately)
